

Kirkland National Little League Exception Request Form

As their parent/guardian, I formally request that _____ born on _____, of Little League Age ___ be allowed to play one division **up** **down** from the division designated by Kirkland National Little League within the Local Rules.

I understand that requesting my child **play down** one division is subject to a special evaluation by the Player Agent and must be approved by both the KNLL President and in certain cases the District 9 Administrator. If they are approved to play down, I acknowledge my child may be restricted from pitching within certain divisions.

I understand that requesting my child **play up** one division is subject to approval by the KNLL President based on advisement by the Player Agent and Program VP. Advisement is based upon evaluation results for Baseball AAA, Coast, or Majors, or Softball Coast, Majors, or Junior Divisions, discussions with their prior manager, and space availability within the division.

I acknowledge that if my child is moved up one division from the level that is normally recommended by KNLL, that they may now be on the lower end of the scale of both physical and emotional maturity as compared to other players within that division. I agree to work with their manager to help them adjust to this division level and assist with any challenges this might create for my child.

Please return this form to the Player Agent before the first evaluation takes place.
